BACK TO THE FUTURE

Whittier High Will Never Be The Same

The number one blockbuster, *Back To The Future* was part of our wonderful Whittier High School. Michael J. Fox, Christopher Lloyd, Crispin Glover, Leah Thompson and extras worked at our school along with the crew during Christmas and Easter Vacation. The school was changed into an interesting movie studio. The transformation was so drastic that Mrs. Lawrence didn't recognize her own office when she walked into it. She was lucky to play a small part and meet all the stars of the show. One night she walked into the faculty lounge and saw Michael J. Fox sleeping; and like a caring mother, covered him with a blanket.

The crew did an extraordinary job fixing light fixtures and painting parts of the school. Whittier High received 6-7 thousand dollars for its participation in this film. Monies received are being used for campus beautification and weights for the gym. The students were excited to see what they were going to film. Kim Lawrence, Mrs. Lawrence's daughter, was the artist who wrote the "KICK ME" sign that Christopher Lloyd used in the movie. Even though our school didn't receive recognition in the credits, we were honored that our school took part in the popular movie.

Michael J. Fox

FRIDAY, NOVEMBER 4	
WELLSTON	at HILL VALLEY
FRIDAY, NOVEMBER 11*	
HILL VALLEY	at CALLAHAN
FRIDAY, NOVEMBER 18	
SAN RAMOS	at HILL VALLEY
* DENOTES NIGHT GAME	

MRS. MICHELE LAWRENCE — PRINCIPAL

Well, Seniors, you've come a long way! Remember when you were running to the lunch line not knowing that running wasn't cool? How many elevator tickets did you buy from devious upper classmen? Ever take a trip to see the swimming pool on the top of the auditorium? I bet you've learned a lot, but more than these kinds of memories, I hope you've learned to love and appreciate one another. To respect each other's differences and to know that all of us have something special to give to the world. I also hope you've learned, that to me, you will always remain "my kids."

*Good Luck and Best Wishes,
Mrs. Lawrence*
